	General requirements	Arizona Revised Statutes (A.R.S.) §§42-17101 and 42-17102 require cities and towns to prepare annual budgets on forms the Arizona Auditor General has developed.  Cities and towns must prepare an annual budget for each department, public office, or official indicating the amount proposed to be spent from each fund. Budgets include estimated revenues and expenditures/expenses for the fiscal year and other information statute requires. For consistency, the budget should be prepared on the same basis used to prepare the fund financial statements. Fund financial statements are prepared on the modified accrual basis of accounting for the General, special revenue, debt service, capital projects, and permanent funds. Fund financial statements are prepared on the accrual basis of accounting for enterprise and internal service funds. Cities and towns are not required to prepare budgets for the fiduciary funds (Agency, Investment trust, and Private-purpose trust funds) because these funds represent assets the city or town holds for others. Annual budgets for fiduciary funds, while not required, may be prepared for internal management purposes.  Cities and towns under a voter-approved alternative expenditure limitation (home rule) should budget for internal service and fiduciary funds to include these expenditures in the expenditure limitation. The Uniform Expenditure Reporting System (UERS) allows cities and towns to exclude expenses paid from internal service fund charges for services to other funds of the government as quasi-external interfund transactions on Part II of the Annual Expenditure Limitation Report (AELR). Likewise, expenses reported in fiduciary funds are excludable as trustee or custodian on Part II of the AELR. However, cities and towns operating under a home rule may not take exclusions unless specifically included in the voter-approved resolution adopting the home rule (see Part II—exclusions and carryforwards FAQs). Therefore, such expenses would be subject to the city's or town's expenditure limitatio
